Farewell Party For Rev. and Mrs. Deason

A farewell party was given to Mr. and Mrs. Deason at the home of Mr. and Mrs. MacFay on Friday, Sept. 26th. The Rev. J. Deason has resigned his ministry at the Lacombe Baptist Church where he has been in attendance for the last three years. Their going means a great loss to the church and community where they had endeared themselves to the people.

A very pleasant evening was enjoyed, except for the thought of the farewell. Games were played and a fairly large lunch provided. Afterwards a mark of appreciation, a purse of money was presented to them from the church.

Mr. and Mrs. Deason both spoke very feelingly in response. Mr. Underwood from the Ministerial Board at Calgary was present, about 40 people from the church.

We all wish them every blessing, and success in their new sphere of life.

The Carnival

The Hockey Club Carnival which opened last night at the Curling Rink is away to a good start. A fair crowd was present, and much enthusiasm was in evidence. The various booths received good support and the miniature golf course, which is a marvel was going full swing all night. Those who did not attend last night missed a lot of fun, and also missed themselves out of a lot of valuable prizes which were there for them at the many booths. The operators at the various counters are handing out prizes right and left, and if you don't attend, you have no one to blame but yourself. It costs you but one dime to get past the gate, and this 10c. gives you a chance on a valuable prize, and besides that, you can have more fun for that 10c. than you ever had in your life for such a small amount. Attend tonight and have a real evening of fun and

Anti-Beer Petition

A petition to amend the Government Liquor Control Act of Alberta is being circulated throughout the Province. The objective of this Bill is to strike off the Government Control Act of Alberta all the sections and parts of sections which authorize and regulate the sale of beer otherwise than by Government Stores; and also to abolish the sale of beer by licensed Hotels, Clubs and Cantones, and also by Breweries and Brewery Warehouses, to consumers within the Province.

The Bill in no way interferes with the Vendor Stores or the present system, which permits the citizen the privilege of purchasing direct from the Government Vendor Stores under permit.

This merely asks the Government to give the people what the majority thought they were going to get when they voted six years ago.

All voters in the Lacombe Constituency will be asked to signify their attitude towards this matter, when petitions will be presented in every polling district.

At the Avalon

Only the very highest type of pictures are shown at the Avalon Theatre, which is a guarantee that every programme will be enjoyable. During the past few months many pictures have been shown in Lacombe ahead of the city theatres. The theatre is always kept warm and comfortable, and besides it is a splendid place. Where can anyone spend a more enjoyable evening? Good, clear pictures; perfect reproduction of the voices of the artists; perfect intonation of the musical sequences, and above all—a nice, comfortable, theatre showing Thursday, Friday and Saturday of this week is the original "It" girl, Clara Bow, in the "Saturday Night Kid". This picture is Clara Bow's best picture yet, and you will enjoy it. Besides the main feature there is also an added attraction. This is a special programme, but there will be no advance in prices. The first show will start at 7 o'clock, and will be over in time for the Hockey Club Carnival.

Rev. Jas. Deason

It is with extreme regret that we learn that Rev. Mr. Deason is to leave Lacombe. A man of sterling qualities, Mr. Deason has endeared himself to everyone who has had the pleasure of knowing him. He will be greatly missed by the congregation of the church he has so faithfully served for the past three years, and also by members of the other religious bodies. Things over the week as ably begun by Rev. I.

H. Eberle, Mr. Deason has most successfully carried on the good work and now has a congregation of considerable size. We are sorry he is to leave us, as by so doing, Lacombe will lose a good citizen and we will lose a good friend. We wish him and Mrs. Deason the greatest of success wherever they may go.

Fred Taylor, Allan St., Lacombe.

Talking about big potatoes, Tom O'Shea tells us of some that he raised this year. He said that some of the smaller ones he had to split in two with an axe and chop the corners off before he could get them into the cellar. However, that may be, but his potato story does not hold a candle to the potatoes that Ernie Pocock grows in his garden. He told a reporter yesterday that he has been digging around one potato seven hours a day for three days, and is afraid he may have to leave it in the ground if he cannot get the use of a derrick to raise it.

Make Whoopee!!

With much whoopee and many hoop boughs on all sides the Hockey Club Carnival got under way at the Curling Rink last night, and will continue until Saturday.

You have no doubt seen many carnivals here, but this 1930 model has them all faded out of the picture. There's fun galore for everyone at this big event. Right from the time you hand in your ticket until the doors close you will have something to do every moment. Lusty, hungry hockeyists are crying loudly, inviting the visitors to come and try their luck at a luscious looking ham. "Win a ham and eat for a week," is their inveighing halloo.

Blankets, apples, chocolates and other coveted prizes are to be had for those who have a little luck or a little skill. All the games are well patronized. Old folks, young folks, thin folks, fat folks were there in large numbers. Don't wait till the Carnival is over, and then be sorry you didn't go—be there tonight and make a little whoopee; also win a ham or three, or a few blankets. It is going to be a cold winter—so win one of those big wool blankets tonight.

The Red Man Tries the Pipes

Sandy has a broad grin on his face as he watches brother Redman take a fling at the bagpipes which he has loaned him for a moment to try his luck. The Indian is all intent on his unaccustomed task and since it is only a photograph and not a sound picture you can contemplate the scene without misgivings. Photograph was taken during the recent Highland Gathering and Scottish Music Festival held at Banff, Alberta.

Here and There

The first electrically-driven tug
to be built in Canada was launched
at Laurier, Quebec, recently, when
the "Prescott", Diesel-electric
tug for the Canadian Pacific Car
and Passenger Transport Company's
service between Prescott and On-
dewaga, slipped into the waters
of the St. Lawrence after the tradi-
tional bottle of champagne had
been broken against her bows by
Mrs. M. D. Dwyer, wife of the man-
ager of the Canadian Pacific Great
Lakes Steamship service. It is
the first electric tug built in
Canada, and is designed to tow
a three-track railway car-float with
accommodation for 16 hundred-ton
cars.

Canada is taking advantage of all
opportunities to fight tubercu-
losis and I think is far ahead of
England in the matter of sending
students to matriculate to make an
intensive study of the subject, said
Dr. J. A. Coutts, of London, mem-
ber of the group of British Tubercu-
lar experts, interviewed aboard S.
S. Montcalm, on his return to
London after some weeks' stay in
the Dominion.

Stating that the Canadian Cham-
ber of Commerce official tour of
Japan and China leaving Vancou-
ver and Victoria October 16 aboard
S.S. Empress of Russia, offers a
splendid chance to emphasize Can-
ada's position as a trading nation.
Col. J. H. Woods, Calgary pub-
lisher and president of the Cana-
dian Chamber of Commerce, speak-
ing to 300 members of the Vancou-
ver Board of Trade in an address
at the Hotel Vancouver recently,
urged Canadians to take full op-
portunity of the chance afforded by
the tour.

Canada's wild-life has a capital
valuation of one billion dollars and
represents a yearly business turn-
over to the Dominion of about
\$45,000,000. Dr. H. F. Lewis, of the
Department of the Interior, told
the delegates to the Provincial-
Dominion game conference at Otta-
wa the other day that the valua-
tion includes the fur harvest, game
fish and their attendant effort upon
the manufacturers of firearms and
fishing tackle, not to mention rail-
ways, tourist camps, magazine pub-
lishers and others who derive a
certain revenue from this source.

Barges will be worn by all big
game hunters in New Brunswick
during the season opening Septem-
ber 15 for deer and October 1 for
moose. During the recent year
all non-resident anglers in New
Brunswick have been required to
have a license, and the system has
proved so satisfactory as to render
extension of the plan in shooting
advisable.

This year's crop of grapes in the
Niagara fruit belt, between Hamil-
ton and Niagara Falls, Ont., is
expected to reach about 15,000,
an increase of 15 per cent.
over the 1929 crop. The crop is
now being harvested.

A shipment of 120 live cattle
from farms in Ontario went for-
ward recently to England, the first
in 15 months. It was consigned
to buyers in Manchester. The ship-
ment, though comparatively small,
is regarded by the live stock trade
as marking resumption of Canada's
export trade in cattle to the
British market.

Some Simple Menus for The After-School Meal

BY EDWINA NOLAN
Director of Home Service, General
Electric Refrigeration Department
IN the days of our childhood we
all have heard the admonition,
repeated: "No eating between
meals!"

But times have changed. Today
we have crowded, hurried diets
which include body-building foods
for growing, healthy youngsters,
who in school and play rapidly use
up their energy and bodily sub-
stances. And we have new and
scientific methods of preparing
and serving food.

Growing children of school age,
who play hard outdoors until dusk,
should not go from noon until six
or seven o'clock without food.
They need a snack, or a light meal,
or a tea too fast at the evening meal
or they may be unduly fatigued and
be too tired to do the things his
body requires. Hence, the after-
school meal.

It doesn't need to be much, as the
following suggested week's sched-
ule indicates:

Monday—Milk, sandwich of
graham bread and peanut butter, or
apple.
Tuesday—Milk and rice, fruit
juice, oatmeal cookie.
Wednesday—Milk, sandwich of
graham bread, raw meat (ground)
and raisins.
Thursday—Fruit juice, sandwich
of graham bread with cottage
cheese, soft ginger cookie.
Friday—Milk, sandwich of
graham bread with finely cut raw
cabbage, apple.
Saturday—Milk, sandwich of
graham bread and raw zava-
zava, soft ginger cookie.
Sunday—Banana (ripe), oatmeal
cookie.
Saturday and Sunday are as im-
portant in this schedule as school
days if meals are to be regular.
These four "light" diets must be
simple, both in the kind of food
and in the preparation as the ap-
petite for the evening meal must be
undisturbed. For that reason, very
sweet foods, such as desserts, are
best omitted on the after-school
menu.

Championship Swimming Gull Lake

"Barney" Halpin for the past few
years one of the outstanding enthu-
siasts of Sports promotion at Gull
Lake, is in receipt of a letter from
H. C. Graham, vice-president of the
Canadian Swimming Association, in-
which was asked to discuss plans
for a Championship Swimming Meet,
sponsored by the "Wrigley Chew-
ing Gum Co." The Sponsoring of the
Toronto Marathon, which meet, if
present plans materialize will be held at
Gull Lake next year under the auspices
of the "Canadian Amateur Swimming
Assn."

The letter follows in part:
"Copy of Letter"
Mr. B. Halpin,

I had a call a couple of days ago
from the representative of the Wrig-
ley Chewing Gum Co., who approach-
ed me with regard to having a 1
mile Provincial Championship Swim
for both men and ladies, all cap-
minals and prizes for these races
being donated by the Wrigley Chewing
Gum Co.

It has been suggested that this
might be held at one of the beaches,
preferably on the Railway where
it would be available for the com-
modities from both the north and
south sections of the Province. Aspen
Beach Gull Lake has been suggest-
ed, as a point to be considered and
your name has been given me as a
party who would know conditions
there pretty well.

What facilities would there be at
the beach for a race of this kind, and
also what facilities would there be
for some other races, and possibly
some diving to give an afternoon
entertainment? Also what crowd
could be expected.

This meet would be held under the
auspices of the Canadian Amateur
Swimming Assn. and amateur cards
would have to be held by competi-
tors.

We are having a meeting of the
representatives of the local clubs
and would like to get information in
this matter. A fuller meeting is
being held in Calgary, at which time
final action will be taken.

(signed) H. C. Graham,
Vice-Pres. C.A.S.A.

In reply Mr. Graham was assur-
ed the utmost support of everyone
in Lacombe and district in the event
of the Races being held at Gull Lake.
It was suggested that the Swim-
ming Championship Races be held
at the same time as the Alberta
Championship Races. These are
sometime during the latter part of
July 1931. Barney has been invited
to attend a meeting of the Alberta
Branch of the Assn. to be held in
Edmonton in a few days time, and
believes he can do some good work
while there.

SPECIAL OFFER

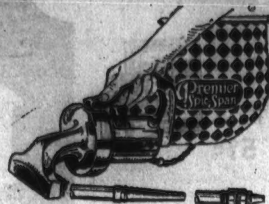

In order to enable the citizens of
Lacombe and district to cope with the
difficult time, Prof. Touche has de-
cided to make a rate of one dollar a
week to the first twenty children
on year of age or under applying
for violin lessons. This will entitle
the child to two one-half hour les-
sons for the evening meal of the "Ladies'
Aid." A ladies' quartet and solos
by Mrs. Buchanan and Miss E. Sims,
were greatly enjoyed.

Pretty Wedding

A pretty wedding was solemnized
at the home of Mr. and Mrs. Ray
Saunders on Sunday September 28th,
when Helen Beatrice, only daughter
of Mr. and Mrs. W. F. Camp, of
Jola, Alberta, became the bride of Mr.
Joseph P. Lahiff, son of the late
Capt. Henry De Blaquiere Lahiff of
Clover House, Gort Co., Galway, Ire-
land. Rev. T. H. Chapman, of St.
Cyprian's Church, performed the
ceremony of the bridal couple.

To the strains of Lohengrin's
"Wedding March," played by Mrs.
Bert Ramsey, the bride entered the
room on the arm of Mr. Ray Saun-
ders who gave her in marriage. The
bride, who was charmingly attired
in a Copenhagen Satin gown with col-
lar of over lace, carried a bouquet of
Aspers, white Everlastings and Ferns.

The bridesmaid, Miss Marjorie Faw-
cett, and the little Flower Girl, Miss
Clara Saunders, carried bouquets of
Snap dragon, stalks and Baby's
breath. Mr. Linden Bolton, of Ed-
monton, acted as best man.

Following the ceremony and just
before sitting down to the wedding
dinner, Rev. Chapman proposed a
toast to the bride and groom.

Centering the dining table was a
beautifully decorated three-tiered
bride's cake.

Later in the afternoon the young
couple left for Calgary on a short
honeymoon trip, the bride travelling
in an Emerald Gettysburg Crepe frock
and Harry went with her in a tuxedo.
Upon their return they will take up
their residence in Lacombe.

The Groom's gift to the bridesmaid
was a bridge set; to the flower girl a
necklace and to the best man cuff
links.

The 1c. Sale is an advertising plan used
to acquaint the public with the merits
of the Penlar Products. You buy any

The appropriation by the manufacturer
for advertising is passed to the public
giving them the opportunity of purchas-

one cent. The sacrifice in profits is
justified, because of the increase in dis-

Old Dug-Out Rests From World Cruise

The old "Tillamook", battered and storm-torn, but still gallant under its new coat of paint, was brought from a marine graveyard on the banks of the Thames, London, recently, and placed on public inspection in front of the famous Crystal Gardens, Victoria, B.C., where it is being one of the sights of the British Columbia capital. The old dug-out canoe was built by Indians near Victoria more than 150 years ago and a century later carried Captain J. C. Voss and N. K. Laxton, Banff newspaperman, on a round-the-world trip 1901 of 40,000 miles, weathering typhoons in the Pacific and hurricanes in the Atlantic. The canoe was brought to Victoria through the efforts of George I. Warren, commissioner, and other officials of the Victoria and Vancouver Island Publicity Bureau. Picture shows close-up of the old dug-out.

Plans Canada's Finest Terminal

Sir Henry Thornton, Chairman and President of the Canadian National Railway, inspects the model of the \$50,000,000 terminal which his company has started to build at Montreal. The building to which the railway president is pointing is the proposed central passenger station and office building in the heart of the theatre and business district of Canada's metropolis. The plans provide for electrification of all passenger lines entering the terminal and make adequate provision for long distance and rapid transit traffic as well as for development of freight facilities which Montreal will need during the coming years.

You are sure of a good time if you attend. Come and get acquainted.

Here and There

(509)
As a more tonic more effective than anything conceived by medical skill, Canada's rocky highlands and placid lakes were given first place by Sir William Deane, M.D., F.R.C.S., interviewed recently at Lake Louise where he rested after attending the annual convention of members of the British Medical Association held last month at Winnipeg.

A note of confidence and sincere optimism in the soundness of Canada's economic position at the present time and faith in her future development was sounded by E. W. Beatty, chairman and president of the Canadian Pacific Railway, at the banquet given recently at Saint John by the Board of Trade of that city in celebration of the first sailing of the Princess Helene, new C.P.R. coastal steamer, on the Saint John-Digby route. Mr. Beatty said he hoped to see a second boat run alongside the Princess Helene in the not distant future.

Determination of the Canadian Pacific Railway to maintain for Canada the pride of the largest, fastest and finest ocean liner on the Pacific and the company's foresight in providing for needs beyond those of the present in the realm of transportation were lauded at Vancouver recently, at a dinner held aboard the liner Empress of Japan, new 26,000-ton Pacific vessel. Hon. R. Randolph Bruce, Lieutenant-Governor of British Columbia, added his tribute to those of some other speakers at the function.

Mrs. L. N. Calverley, wife of the famous British surgeon, was credited with taking the largest fish, other than salmon, to be caught in British Columbia waters this season. She landed an 18-lb. Rainbow trout from the sparkling waters of Shuswap Lake recently. She is a cousin of Lady Diana Buff Cooper who as Lady Diana Manners gained world-wide fame as the heroine of "The Miracle."

The Banff Highland Gathering of 1930 goes down not only as the greatest yet so far as events and entrants are concerned but also for attendances since more than 10,000 spectators were present. Eight events ran continuously and concurrently; athletic events were confined to Alberta and British Columbia; dancing events added Manitoba to the list, while the piping contests brought in the whole of Canada, Scotland, China and the State of Washington.

Marking the earliest opening of the apple shipping season from Halifax to Europe, over a wagon load of last year's, the first overseas shipment of the fruit went September 23 in a cargo estimated at about 4,000 barrels of Nova Scotia apples.

There is a record crop of potatoes in Canada this year. It will total 65,000,000 bushels or 48 per cent. more than in 1929, according to the latest official estimate. Potatoes are grown in commercial quantities in all the provinces of Canada.

According to a statistical report, if all the wealth in the Dominion of Canada were equally divided it would provide \$2,956 for each person. This does not include the value of Canada's undeveloped natural resources. The Dominion's wealth is placed at \$28,941,000,000, an increase of \$1,272,000,000 over the previous year.

Clive News

Boy Reynolds accompanied by his sister Mrs. Wm. Reed and Ardrey paid a week-end visit to Edmonton. Other city visitors were Mrs. W. E. Allison and Rev. I. N. Hughson who was called to see his sister Mrs. T. E. Walker of Busby who is in the Misericordia Hospital very ill. However, a wire late Sunday evening reported that she has survived the operation and the transfusion was quite successful. We are thankful to know that at present she is apparently out of danger. Dr. Tatham is in attendance.

Threshing operations have again been delayed on account of Sunday night's rain.

Mr. and Mrs. John Spink and child of Ponoka spent their vacation with his parents here. We regret however that his father has had to undergo the fourth operation in less than a year for a chronic case of appendicitis. He is under Dr. Hyman's care in Lacombe Hospital.

Little Adelaide Bailey only child of Cecil and Mrs. Bailey of Spring Valley passed away, following an attack of measles, which resulted in a heart attack, early Sunday morning at the Lacombe hospital. The funeral services will take place at Mr. Wright's of Lakeside, the residence of the bereaved mother's parents. Deepest sympathy is extended. Rev. I. N. Hughson will have charge of the services.

Very successful Rally Day services were held Sunday, Sept. 28 at Tees and the First United Church at Clive; while a special service was held at Nebraska school in the afternoon by the pastor, Rev. I. N. Hughson which was also largely attended. The church was most artistically decorated with autumn leaves and rose berries, while a profusion of cut flowers adorned the platform. One of the delightful features of the Rally Day service was presentation of selected passages of scripture by the primary and junior classes in both recitation and motion songs. A generous financial response was received by the two little singers, Lyall Wickens and Charlie Morton. The Rally was held at both morning and evening services of the Church School and congregation. The Rally Services will be held next Sunday at Spring Valley and Sargent appointments.

The United Church of Clive will hold its Anniversary Services on Sunday, October 19th and Monday 20th. Rev. G. A. Dickson, D.D. of Knox Church will be the special speaker. He will give one of his popular lectures on Monday evening. A grand concert will be also rendered.

For Baby's Bath

More than that of any other member of the family, baby's tender, delicate skin needs the greatest care and attention. The soft soothing oils in Baby's Own Soap make it specially suitable for babies, and its clinging fragrance reminds one of the roses of France which help to inspire it.

"It's best for you and Baby too" says
